## DESiGN SELECTiON

*"The 32 fabrics in the Graphic Design Selection provide an insight into the skill and expertise offered by Dickson: its in-house design team monitors the latest trends to create these graphic fabrics in pastel and powdered hues.*

*Its Jacquard, Brush and Constellation fabrics reflect nearly 200 years of yarn and weaving proficiency.*

*Much more than patterns, they bear witness both to its manual and machine work, and weaving effects developed especially to appeal to our senses.*

*In this selection, bold stripes take on a less strident tone and give way to sketched-effect stripes that could almost have been drawn by hand, revealing the character of the many millions of fibres that make up the fabrics."*

# COLOR
## DESiGN SELECTiON

"

The 33 fabrics in the Color Design Selection draw on every aspect of Dickson's long-standing expertise and production equipment.

Their lively tones are harmonised with material effects in bright reds, sunny yellows and natural greens.

Materials are worked to reveal new colours through transparency with changing solids and through needled visual effects.

Understated stripes in different monochromes alternating with white battening open up opportunities to express your creativity with these resolutely colourful fabrics. "
