EMOTIONAL PERFORMANCE FABRICS

BLISS is a new brand created by people who have been in the textile industry for a very long time. We have inherited the technical knowledge and resources of Citel – the outdoor performance fabrics manufacturer founded back in 1875 in Barcelona – and added a special sensitivity and aesthetic perspective. BLISS mission is to manufacture performance and decorative fabrics made by and for the senses.

Our team wanted to create a brand that not only demonstrated their technical know-how regarding 100% solution-dyed acrylic fabrics, but also expressed their philosophy of life. BLISS is built on passion, new ideas, effort and an ongoing desire for improvement.

Creating is our favourite state of mind - our bliss -, and the desire to imagine, envision and manufacture fabrics that are truly special is our very reason for being.

CANVAS collection

The Canvas collection depicts the basics of our colourful and sensitive mind. We aim to create a synesthetic experience through the colours displayed and their association with certain emotions, i.e. a chromatic perception that leads to inherently coloured feelings and vice versa.

We have chosen a wide range of essential BLISS hues to create a complete palette that can match any style and space; from earth, neutral and natural colours to brighter and more vivid tones.

Plain, *piqué* and soft flecked weaving are the basis of this playful Canvas collection, which can be mixed and matched with any other design of the BLISS collections.
